

GUIDELINES

1. Keep your design within the **Solid Line**.
2. **DO NOT DELETE or MODIFY** the Solid Line and Dotted Line when preparing final artwork file. Actual pre-inked stamp outcome do not contain any guidelines.

COLOUR

1. Please prepare your artwork design in **K100(Black)**. You will only be required to select ink colour during ordering process.
2. Ensure your artwork **DO NOT** contains **tints/gradient**. (Refer to examples below)

IMAGES

1. Ensure your images **DO NOT** contain **tints/gradient**.
2. Ensure your images are sharp. We recommend you to set your images to or above 300dpi.
3. We strongly recommend you to REDRAW your scanned image/logo for a clearer and sharper stamp image.

Images contain tints

Images blur

Images are sharp and do not contain tints.

TEXT

1. Minimum font size : 7 pts
2. Minimum font size for reverse artwork : 8 pts
3. **AVOID** using extra bold fonts or extra thin fonts.
4. Text should not be placed too close to each other.
Stamped images will smudge due to ink spread.
5. **Curve/Create Outline/Path** to all fonts.
